

## **National Pet Month 2013**

National Pet Month runs from 1<sup>st</sup> April to 6<sup>th</sup> May 2013. The theme this year is “Your pets and you - companions for life”. The practice is offering half price microchipping throughout the month. Microchips are inserted under the skin of your pet and carry a unique identification number. If your pet is lost the number can be traced to you via a nationwide database. It is good time to consider microchipping as it will be compulsory for all dogs to microchipped from 2016.

We are also running a photographic competition during the month with the same theme – “Your pets and you - companions for life”. Please drop entries into the practice.
